WELCOME

Dear Colleague

On behalf of the European Society of Coloproctology (ESCP), we would like to welcome you to Sorrento for our 5th ESCP Scientific Meeting; we wish you an informative and stimulating event. In addition to the established programme from Thursday to Saturday, our Wednesday workshops this year again feature the Anorectal & Pelvic Floor Ultrasound Course under the supervision of Anders Mellgren and supported by BK Medical; we also have a new Trainees Educational Update & supper (*tickets required*) in addition to the Core Subject Update.

As usual, we have "state of the art" lectures delivered by recognized experts in their field, and symposia covering a wide range of topics. A Trials Symposium will again take place in parallel to Video Surgery on Thursday morning. Video Surgery is supported by Silver Sponsor Frankenman Chex this year. Don't miss also the Six Best Papers on Thursday morning, and "Consultants Corner" on Friday morning!

We would like to thank all the sponsors and exhibitors who have contributed to ensure the success of this meeting, particularly Covidien our Platinum sponsor and Silver-Plus sponsor Medtronic, both this year holding satellite symposia. We would be most grateful if you could take time to support these satellite symposia, and also to visit all sponsors at their stands during the meeting, their support is vital to the success of our event.

We wish you all a very successful meeting.

Giovanni Romano
President 2009-2010

Ronan O'Connell
Secretary

Emmanuel Tiret
Programme Committee
Chairman

REGISTRATION AND INFORMATION

Registration and Information desk locations will vary from day to day. During the event, New Congress (agents for accommodation other than Hilton) will operate an Information Desk where you can talk to them about hotels or book additional guided tours.

A-Z OF GENERAL INFORMATION ABSTRACTS

Abstracts are published as a supplement to the September issue of *Colorectal Disease* which is available to all delegates as part of the registration fee. Abstracts have been evaluated by the Scientific Committee based on merit; they are presented at the meeting in the following ways:

Best of the Six Best Papers: main auditorium on Thursday from 12:00 – 13:00*

Free Papers & Oral Posters: main and parallel auditoria from Thursday to Saturday

Posters: posters are divided across five areas which are:

Neoplasia, Functional, IBC, Proctology and Miscellaneous

Refer to page 7 for poster locations.

* ESCP would like to thank the British Journal of Surgery for kindly donating the prize of €700 this year for the Best of the Six Best papers. The prize will be presented by Chairman Neil Mortensen on Thursday afternoon. ESCP will award a prize of €300 for the best Lunchtime Poster which will be presented on Friday afternoon at 15:30 in the main auditorium.

ACCOMPANYING PERSONS

The Accompanying Persons' registration fee covers attendance to the welcome reception on Thursday evening and a walking tour of Sorrento on Thursday departing at 09:00 from the Hilton Sorrento Palace Hotel Conference Centre entrance (not the hotel lobby entrance).

AUDITORIA

Delegates are kindly asked to note that the Hilton Hotel does not permit drinks or food to be taken into Auditoria where main and parallel sessions (and pre-meeting courses) are taking place.

BADGES AND TICKETS

Delegates are asked to wear name badges at all times during the Meeting. Accompanying Persons are also asked to wear their name badge when attending the Welcome Reception on Thursday evening. Tickets are required for the conference dinner on Friday evening, and for all arranged tours, and must be presented at the time of departure. Departure shuttle tickets where pre-purchased will be in delegate packs at registration. Please present your ticket at the point of departure – further information on page 10.

BANKS AND CURRENCY

Banks: most banks are open weekdays from 8.30 - 13:30, close for a few hours in the afternoon then re-open from approximately 15:00/16:00 until 19:00. Banks are not open at weekends but there are various Bureaux de Change available in the town. We recommend that you check with the hotel Concierge for more exact information.

Currency: the official currency in Italy is the Euro.

CATERING

The registration fee includes afternoon coffee on Wednesday afternoon for those attending the pre-meeting courses, morning and afternoon coffee breaks and buffet lunch on Thursday and Friday, and coffee on Saturday morning. It also includes the Welcome Reception on Thursday evening (18:30 – 19:30). From Thursday morning onwards, all refreshments will be served in the conference centre foyer on level C where registration, exhibition and most posters are located.

Coffee on Wednesday afternoon will be available on a ticket basis on level A near to the auditoria where courses take place from 14:30-16:00. If you have selected a course you will receive a ticket in your delegate pack.

CERTIFICATES

A certificate of attendance for the Congress is enclosed in each delegate pack. In addition, a Poster Certificate is available to **principal** authors; these will be attached to poster boards on Thursday 23 September when posters have been put up. We regret that we cannot supply certificates to secondary authors at the Congress, but can do so after the event by contacting the ESCP office (info@escp.eu.com).

CME POINTS

The CME allocation of points for the meeting is:

Wednesday 22 September	Core Subject Update Workshop	6 Points
Wednesday 22 September	Anorectal & Pelvic Floor Ultrasound Course	6 Points
Thursday 23 September	Main Symposia and Lectures	6 Points
Friday 24 September	Main Symposia and Lectures	6 Points
Saturday 25 September	Main Symposia and Lectures	6 Points

CONFERENCE DINNER

Friday 24 September

Departures from 18:30 - Please note earlier departure time than first published
Dress code: smart casual – comfortable walking shoes essential!
Last coach departs Hilton at 19:00

If you have purchased a ticket for this event, your ticket will be included in your delegate pack. PLEASE BRING YOUR TICKET WITH YOU. The journey time to Pompeii is approximately 25-30 minutes. Drinks will be served on arrival with guided tours available before buffet supper. Buses will return from 22:00 onwards stopping at each of the official ESCP hotels. **This is a relaxed and informal evening, the tour covers some uneven ground and comfortable footwear is strongly advised.**

Dietary requirements: If you have any special dietary requirements that were not notified as part of your registration record, please advise Registration immediately.

At the time of going to print, we have sold all available tickets but we will maintain a waiting list in the event that any tickets are returned.

INTERNET CAFÉ

Sponsored by **B|BRAUN**
SHARING EXPERTISE

An internet café will be open during exhibition open hours, and is located on level C just inside the main entrance. Delegates are asked to keep time to no more than 15 minutes in fairness to others. **ESCP would like to thank Silver Sponsor B. Braun for their kind support of this facility.**

LANGUAGE

The official Congress language is English.

LOST PROPERTY

If you have lost anything, and need to report it to the police, but do not speak Italian, we suggest that you contact us at Registration and we will try to assist you.

MESSAGES

Messages for delegates may be left at the ESCP registration desk during opening hours. Messages will be displayed on the message board located in the registration area.

ESCP AIRPORT SHUTTLE

ESCP OFFICIAL HOTELS

WALKING DISTANCE

Grand Hotel
Cesare Augusto
Hotel Plaza
Hotel Antiche Mura
Hotel Rivage
Hotel Ascot

CITY CENTER

Hotel Europa Palace
Hotel Zi Teresa
Hotel Del Mare

OUTSIDE CITY CENTRE

(30 minutes walk)
Hotel Parco dei Principi

Shuttle service on departure: a shuttle bus service will operate on Saturday 25 and Sunday 26 September at times scheduled in accordance with advance requests. Buses will start from the Hilton Sorrento Palace (main lobby entrance), picking up at all ESCP official hotels before going directly to Naples "Capodichino" Airport.

- If you have purchased a ticket in advance and provided us with your flight details, a scheduled departure time will be confirmed to you in ticket form enclosed in your delegate pack. Please check this carefully and tell us at Registration if you do not plan to take the bus, or need to change your pick up time.
- If you booked a shuttle ticket but did not provide flight information before Thursday 16 September as requested, your ticket will have been cancelled. Please come to Registration to purchase a replacement ticket (cost €25). See page 3 for Registration and Departure Desk timings.
- If you have not booked a ticket and wish to, please come to Registration with your flight details as soon as possible.
- We will schedule departures **approximately** 4 hours before flight departure times.

Departure Shuttle Bus - pick up

1. Hotel Rivage + Hotel Ascot + Hotel Del Mare - meeting point at the entrance of Hotel Rivage
2. Hotel Hilton Sorrento Palace - meeting point outside the main lobby entrance
3. Hotel Cesare Augusto - meeting point at the entrance of the hotel
4. Hotel Antiche Mura + Hotel Plaza - meeting point outside the entrance of Hotel Plaza, just under the trees.
5. Hotel Europa Palace - meeting point at the entrance of the hotel
6. Hotel Parco dei Principi - meeting point at the entrance of the hotel (main road entrance)

PUBLIC TRANSPORT

Public transport options on departure:

A public bus service operates from Sorrento's rail station; the journey time is approximately 1.5 hours and the bus makes several stops en route. **Spaces are limited** and you are advised that if you plan to use this service, you allow plenty of time. **We strongly recommend that you consider using the ESCP Shuttle which is non-stop, in order to ensure you have a seat and can reach the airport on time.**

Public buses depart Sorrento at: 06:30, 08:30, 09:00, 10.30, 12.00, 14.00, 15.00 and 16.30

Trains operate from Sorrento station into central Naples, taking 60-75 minutes at a cost of approx. €3 and onwards to the airport by taxi (a further 20 minutes) at a cost of €30 approx.

There are at least 2 trains per hour during the day, more during rush-hour; for a detailed timetable please ask at Registration.

The Hydrofoil leaves Sorrento harbour to Naples port during the day at 07.20, 08:10, 09:45, 12:00, 13.40, 16.25 and 18.50. The cost is approximately €11 each way.

POSTERS

Posters may be put up at any time from 14:00 on Wednesday afternoon. They are located on two levels:

- **Level C** (conference centre entrance) in the Nettuno Hall features all Lunchtime Posters, together with Functional, Neoplasia and Proctology posters
- **Level A** (one level above C and one level below hotel lobby) in the foyer features IBD and Miscellaneous posters

WELCOME RECEPTION

Thursday 23 September: 18:30-19:30

The Welcome Reception will take place in the exhibition area on Thursday. All delegates and Accompanying Persons are invited to attend this event which is included in the registration fee. Please wear name badges to this event.

ABOUT SORRENTO

Sorrento, a city of orange and lemon groves, changes colour from season to season and is a delight to explore!

Sorrento

The historical centre of Sorrento

Although the city lacks a long stretch of beachfront, there are a number of beaches around Sorrento's marinas, such as the Marina Piccola and Marina Grande. However, there are plenty of glorious beaches close by and the views across the Bay of Naples are outstanding, with Mount Vesuvius being visible in the distance. For some of the very best coastal views imaginable, take a stroll along the Via San Francesco until you reach the Villa Comunale Park. Alternatively, you can always take a bus trip along the very scenic Amalfi Coast, or enjoy a family orientated sightseeing 'City Train' ride, which comes complete with multi-language audio guides.

One of the oldest landmarks in the city is without doubt the Duomo (Cathedral), which dominates the Sorrento skyline and stands proudly along the Corso Italia. Located on the Piazza San Antonio, the Basilica di San Antonino is another eye-catcher, as is the 15th-century Sedil Dominova, and the Villa Comunale's Chiesa di San Francesco, which is famed for its resplendent 14th century cloisters. Alternatively, pay a visit to the Piazza della Vittoria, which is close to the Marina Grande and whilst the views of Sorrento's bayfront here may not quite rival those from the Villa Comunale, they are still rather special and well worth savouring.

Although visitors may not really come to Sorrento for any other reason than its accessible beaches and coastline, the city is home to some rather noteworthy museums, offering information about a number of different subject matters, including geology, archaeology and general history. The Museo Correale di Terranova at the Palazzo Correale is especially popular in Sorrento and also features some rather beautiful gardens, while the ancient Etruscan treasures within the Antiquarium Aequano are a real treat and date back to before the 1st century. For top quality art galleries, nearby Naples is the place to head for.

Many tourists holidaying in Sorrento choose to take day trips to the innumerable attractions which lie close by. In the summer, the Marina Piccola turns into a hub of maritime activities, with both hydrofoils and ferries speeding off to coastal destinations such as Amalfi, Naples, Positano, and the islands of Capri and Ischia. For something quite different, the historic remains at Pompeii are a spectacular attraction, with temples, theatres, Roman baths and much more besides, all of which were well preserved in the ashes of Mount Vesuvius when it erupted over Pompeii almost 2,000 years ago.

TOURIST INFORMATION OFFICE

The Sorrento Tourist Office is open from Monday to Friday between 08:30 – 16:00. It is closed on Saturday and Sunday. Visit at the following address to obtain more information, brochures and ideas:

AAS: Azienda Autonoma di Soggiorno Sorrento - Sant'Agnello
Via Luigi De Maio, 35, Sorrento
Tel: +39 081 8074033
Fax: +39 081 8773397

The official website also carries a lot of information at www.sorrentotourism.com.

TOURS

Thursday: Accompanying Persons' Walking tour of Sorrento

09:00 – 13:00 (meet at Hilton Conference Foyer entrance – not hotel lobby)

Sensible walking shoes are recommended.

Included in the Accompanying Persons registration fee

A walking tour taking in the historical centre of Sorrento and its lively atmosphere! Please assemble in the Conference Foyer (level C) of the Hilton to walk down to Sorrento's "Tasso Square" where the tour begins. The tour will include the Correale Museum of Terranova which gives one an excellent understanding of how Neapolitan decorative arts developed during that century. At the end the tour will return to Tasso Square and the Correale Palace, rich in architectural and sculptural details with an opportunity to browse Sorrento's typical products and to shop along St. Caesarian, Sorrento's main shopping area.

Optional Friday Tour: visit to the Island of Capri with lunch

Time: 09:00 – 16:00 (meet at Hilton Conference Foyer entrance – not hotel lobby)

Sensible walking shoes are recommended.

Price per person: €95 includes coach transfer to the port and back, hydrofoil transportation, coach transfer in Capri, entrance fees, English speaking guide and lunch

Spend an unforgettable day on the island of Capri, rich in beautiful scenery and history, and frequented by the rich and famous! A bus transfer from the Hilton will take us down to the port to leave Sorrento by private boat, sailing along the beautiful coastline, on an island tour by sea, then arriving Capri at Marina Grande, and the famous "Piazzetta" of Capri. There the Gardens of Augustus are part of Capri's botanical magnificence, with breathtaking panoramas. Close to the gardens is the Charterhouse of St. Giacomo, founded in 1371 marking an incomparable era in the traditional architecture of Capri. Lunch at a restaurant overlooking the sea and return by boat to Sorrento.

Saturday Tour A: visit to Amalfi & Ravello with dinner

Time: 14:00 – 21:00

(meet at Hilton Hotel lobby entrance, not Conference Centre entrance)

Sensible walking shoes are recommended.

Price per person: €95 includes coach transportation, English speaking guide, entrance fees and dinner

The first jewel of the tour is Positano with its narrow streets submerged by thousands of linen and cotton clothes sold in colourful pretty little shops. Onwards to Conca dei Marini, where ceramic stores are located above the Emerald Grotto, an amazing array of colour, stalactites and stalagmites and an underwater crib. Arriving in Amalfi, the impressive 13th century Cathedral and museum, including the statue of St Andrew which on the 27th June each year is taken in procession out to sea. Continuing on to Ravello, 350 metres above sea level, to visit Villa Rufolo where Wagner found inspiration for the "Garden of Kingsport II" act of the Parsifal. Words cannot describe the views and the feeling when one sits on these terraces, and the Romanesque cathedral of St Pantaleone with its mosaics are the icing on the cake! We then travel back to Sorrento for dinner at "Fattoria Terranova", a farmhouse style restaurant located on the hills of Sorrento.

GENERAL INFORMATION - SORRENTO 2010

TOURS

Saturday Tour B: visit to Pompeii

Time: 14:00 – 19:00

(meet at Hilton Hotel lobby entrance, not Conference Centre entrance)

Sensible walking shoes are recommended. Price per person: €60

Includes coach transportation, English speaking guide, entrance fees

A fascinating tour revealing the story of the historical town of Pompeii, destroyed during a long and severe eruption of Mount Vesuvius which lasted 2-3 days in AD79, burying the town under meters of ash and pumice. It was lost for nearly 1700 years before its accidental rediscovery in 1748.

Since then, its excavation has provided an extraordinarily detailed insight into the life of a thriving city at the height of the Roman Empire. During this guided visit you will see the past prosperity of the town through its ruins of Roman villas, bathhouses, and temples, which have now been unearthed. Even an amphitheatre has been found. Today Pompeii is one of the most popular tourist attractions of Italy, with 3 million visitors in 2009, and it is a UNESCO World Heritage Site.

Thursday, September 23th, 2010

From 5:30pm

Main Auditorium

ESCP Sorrento 2010

Covidien Symposium

➤ New Innovative Technologies
in Colorectal Surgery

ESCP MEMBERSHIP

Membership Structure: as an organization, ESCP needs membership fees in order that it can sustain an infrastructure, Secretariat and website through which information can flow freely to its members. The website in particular plays an increasingly important part in becoming a central source of information about training opportunities, conference activities and ESCP's online membership list.

Membership Structure: Regular membership is available either to members resident in Europe, or to Voting Members from outside Europe, in each case, being registered physicians who have a demonstrable interest in coloproctology.

Full (regular) members are European residents with full voting rights and may be elected for office. Regular voting members from outside Europe have full voting rights but may not be elected for office.

Membership is available to Trainee Members (those in training appointments), to Affiliate Members who are not medically qualified (technicians, nurse or scientist) working in the field of coloproctology, or to Corporate Members within organizations who have an interest in coloproctology. These membership types do not have the right to vote or to be elected to office.

ON-LINE MEMBERSHIP

In 2007, ESCP began to handle membership payments online in order to make the process of membership payments much more straightforward. If you have completed membership this year and paid by credit card, membership for 2011 will automatically be processed in January, and we will notify you by e-mail at that time.

If you have not yet joined ESCP, we invite you to consider doing so!

The Society needs the support of its members in order to cover administrative costs, and to guarantee a stable base from which to organise stimulating and advancing congresses into the future. Please ask at the Registration Desk if you would like assistance to join ESCP!

ESCP WEBSITE

ESCP uses its website as a main source of communication with its members. Extensive details are available on the site relating to the Society, previous and future meetings, useful links and membership. Please visit the website to view this information.

If you have ideas about ESCP's website, please contact the Web Editor at info@escp.eu.com with your views or ideas.

BENEFITS OF MEMBERSHIP

ESCP MEMBERS ENJOY:

- Discounted conference registration fees
- Member-only web access including free scientific session presentations and exciting new web features in 2011!
- Discounted subscription to *Colorectal Disease*
- Support of ESCP National Representatives
- Listing in ESCP Membership Booklet

KEYNOTE SPEAKERS

David E. Beck, M.D.

Alexander Engel

Fabrizio Michelassi

Eric Rullier

Bruce G. Wolff

David Beck is Chairman of the Department of Colon and Rectal Surgery at the Ochsner Clinic Foundation in New Orleans, Louisiana, USA and President of the American Society of Colon and Rectal Surgeons. Dr. Beck has authored and edited seven medical textbooks, over 100 book chapters and over 150 peer reviewed articles. He is also on the faculty at the Louisiana State University, the Uniformed Services University, and the University of Queensland. Dr. Beck is a nationally recognized expert in inflammatory bowel disease, cancer, stomas, adhesions, bowel preparation, endoscopy, and laparoscopic surgery.

After training in general surgery, **Alexander Engel** spent a year at St Marks' Hospital in London and started as a consultant in 1994 in a teaching hospital. He runs a coloproctology service, including endoscopy and anorectal endosonography/physiology. He is committed to clinical research, and his main interests are: risk management in colorectal surgery, long term functional outcome of anal surgery and tumour and patient profiling in colorectal cancer. He is actively involved in the ESCP Scientific Committee, and represents ESCP at the UEGF Council, he also examines for EBSQ in coloproctology.

Fabrizio Michelassi, the Lewis Atterbury Stimson Professor of Surgery and Chairman of the Department of Surgery at Weill Cornell Medical College and Surgeon-in-Chief at the New York-Presbyterian Hospital/Weill Cornell Medical Center, is a gastrointestinal surgeon with expertise in the surgical treatment of gastrointestinal cancers and inflammatory bowel disease.

His experience and expertise in treating Crohn's disease led him to develop a novel bowel-sparing procedure, now known as the Michelassi strictureplasty. He has edited a book on operative strategies in inflammatory bowel disease and has produced many motion pictures on the surgical treatment of complications of Crohn's disease.

Internationally renowned as an outstanding clinician, researcher and teacher, Michelassi has delivered many named and keynote lectures around the world; he has been invited to be a visiting professor at 32 national and international institutions and has delivered over 180 national and international presentations. He is on the editorial board of five prestigious medical journals including: the Journal of Gastrointestinal Surgery, the British Journal of Surgery, the World Journal of Gastroenterology, and Annals of Surgery. He currently serves as Secretary of the Society of the Alimentary Tract and has served as Vice-President of the International Society of Digestive Surgery.

Eric Rullier is a General Surgeon at the University of Bordeaux in France in 1991. As a colorectal surgeon at Saint-Andre Hospital in Bordeaux, he developed clinical research in rectal cancer. He became Professor of Surgery in 2001 and received the Chair of Colorectal Surgery at the University of Bordeaux. In 2005, he founded the French Surgical Group of Rectal Cancer Research and developed multicenter randomized trials. He is an active member of the ESCP. His scientific production includes more than 50 English publications and 300 conferences all in rectal cancer surgery. He is Director of European Workshops for Education in Laparoscopic TME.

Bruce G. Wolff is a Professor of Surgery, Mayo Medical School, and Chairman of the Division of Colon and Rectal Surgery, Mayo Clinic, Rochester, Minnesota. Dr. Wolff was born in Columbus, Georgia and received his undergraduate degree from Davidson College. He earned his M.D. degree from Duke University School of Medicine in Durham, North Carolina. He served as an intern in anaesthesia at Duke Medical Center and then completed a general surgical and residency at New York Hospital - Cornell Medical Center. He served for two years as a U.S. Army physician. After completing his general surgery training, he received his fellowship training in Colon and Rectal Surgery at the Mayo Clinic in Rochester, Minnesota. He then joined the staff at the Mayo Clinic.

Dr. Wolff has authored or co-authored over 270 publications. He is a member of multiple medical societies and is a Past President of the American Society of Colon and Rectal Surgeons and the American Board of Colon and Rectal Surgeons. Dr. Wolff is an active researcher but still maintains a busy clinical practice in which the management of inflammatory bowel disease plays a major role, in addition to procedures for colorectal cancer. He also has long been involved in resident education, and has been recognized as a surgical subspecialty Teacher of the Year.

WEDNESDAY 22 SEPTEMBER

12:00 - 17:00	<p>Course in Anorectal and Pelvic Floor Ultrasound <i>Course directors: Anders Mellgren (USA), Giulio Santoro (Italy)</i></p>	<p>Sponsored by BK Medical</p>

Chairs: Constant Jehaes (Belgium), Sergii Podpriatov (Ukraine)

OP27 Does the number of lymph nodes harvested at pathology in rectal cancer depend on the surgeon and pathologist only?

Geerard Beets (Netherlands)

OP28 Emergency colorectal surgery in the elderly: do patients benefit?

Ravikrishna Mamidanna (UK)

OP29 Insights into fast-track in colorectal surgery: a plea for tailored program

Remue Christophe (Belgium)

OP30 Small bowel magnetic resonance imaging without contrast or gastric intubation

Gemma Conn (UK)

OP31 The effects of anti-muscarinic agents on rectal compliance in patients with supraconal spinal cord injury

Giuseppe Preziosi (UK)

OP32 Female fertility after pouch surgery

Sanne Bartels (Netherlands)

OP33 A systematic review of the safety and efficacy of injectable bulking agents for the treatment of faecal incontinence

Zeiad Hussain (UK)

OP34 Techniques and results for the treatment of anovaginal fistulas in a specialized colorectal unit

Marcos Adrianzén (Spain)

OP35 Factors influencing recurrence after surgical treatment of anogenital warts

Massimiliano Mistrangelo (Italy)

OP36 Side-to-side stapled versus end-to-end hand sewn anastomoses for laparoscopic right colectomy: preliminary results of a randomised controlled trial

Mariano Laporte (Argentina)

OP37 A randomized controlled study between radiowave fistulotomy and conventional fistulotomy in low anal fistula

Pravin Gupta (India)

OP38 Learning curve for endorectal ultrasonography in rectal tumors

Joost Nonner (Netherlands)

OP39 An open label study to examine the effect of coated Nifedipine suppositories on anal pressure in healthy subjects

Michael Shapiro (Israel)

OP40 Pelvic organ prolapse associated with rectal prolapse in women: a comparison of dynamic CT and fluoroscopic cystocolpoproctography

Yasumi Araki (Japan)

OP41 Is stapled haemorrhoidopexy cost-effective and even cost-saving in UK clinical practice?

David Jayne (UK)

OP42 The hydrojet-supported, submucosal endoscopic microsurgical excision of giant rectum-adenoma – follow-up data

Joerg Baral (Germany)

08:00 - 09:30

Auditorium Ulisse
Level A

Oral Posters (parallel auditorium)

Chairs: Milan Breberina (Serbia), Michael Gerhards (The Netherlands)

OP43 Preoperative chemo-radiotherapy in T3 rectal tumors: is it always necessary? Preoperative classification with endorectal ultrasound is a prognostic factor

Matteo Frasson (Spain)

OP44 Decreased morbidity after laparoscopic rectal excision with adapted tools

Christophe Laurent (France)

OP45 Predicting survival after resection of pulmonary metastases from colorectal cancer: a history of previous liver metastases matters

Pascal Gervaz (Switzerland)

OP46 Chemoradiotherapy versus radiotherapy alone for early (T1-T2N0) squamous cell carcinoma of the anus

Pascal Gervaz (Switzerland)

OP47 Screening HNPCC syndrome in colorectal cancer: are we doing enough?

Jérémie Lefèvre (France)

OP48 Intra-operative pelvic hyperthermic chemotherapy as a method of treatment in locally advanced cancer of rectum

Mikhail Alekseev (Russian Federation)

OP49 Tumor budding in submucosa: an optimal predictive factor for clinical outcome in colorectal cancer

Hiroshi Uchida (Japan)

OP50 Total pelvic exenteration for primary advanced rectal cancer and locally recurrent rectal cancer

Mette Bak Nielsen (Denmark)

Fistula repairs with Biodesign don't cause muscle damage that can lead to incontinence. Biodesign, an advanced biologic graft, is the ideal material for sphincter-sparing fistula repair. That's because, once the remodelling process is complete, no Biodesign remains in its place is a strong, fully vascularised patient tissue that allows the body to reach and respond to infection. Cook Medical-Advancing fistula repair for better patient outcomes.
